SERVICE DESCRIPTION

This is a post-paid Mobile Data Banking phone service, which gives you access to our network, and a mobile phone number, and lets you make and receive calls, send and receive messages, and have access to mobile data.

AVAILABILITY

QuantaCom uses part of Telstra's 3G, 4G and 5G mobile network with a 4G coverage footprint of 97.9% and a combined 4G and 3G coverage footprint of more than 98.8% of the Australian population covering 1.62 million sq kilometers.

MINIMUM TERM

The minimum term for this plan is 1 month.

WHAT'S INCLUDED AND EXCLUDED

Unlimited national call and text value - with your monthly plan allowance you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and MMS, voicemail retrieval, and calls to 1800 and 13/1300 numbers.

This unlimited included value cannot be used for making calls and sending SMS/MMS to international numbers, directory services, satellite numbers, video MMS, Machine to Machine, eSIM capabilities or when roaming overseas. These will incur excess usage charges to your monthly bill. Calls and SMS/MMS to premium numbers (e.g. 19x/189x/VPN numbers), Sensis calls, or other content charges (including third party charges) are barred.

Static IP addresses are not available for this service.

Data Bank - retain up to 500GB of unused data and carry it forward into the next month, giving you more data to use than just your allocated quota. Banked data cannot be used while roaming overseas. Any unused data at the end of the month which would exceed the maximum allowed balance of 500GB is forfeited.

Downgrading to a smaller plan, changing to a plan not listed on this CIS, and cancelling or porting away your service from us will forfeit any banked data. Any banked data cannot be "gifted" or transferred to another service.

Unlimited international call and text value - some plans as listed in the table below include unlimited calls and texts to international landlines and mobiles (unless otherwise indicated) to 15 countries: China, Germany, Greece, Hong Kong, India, Indonesia, Ireland, Malaysia, New Zealand, Singapore, South Korea, Thailand (Landlines only), United Kingdom, USA (Landlines only), and Vietnam. This call value cannot be used while roaming overseas.
